To Whom It May Concern:

It is with great pleasure that I recommend ASI Group for any of your computer needs. I have worked with CJ and his very knowledgeable staff while upgrading equipment in our office as well as software.

CJ and his staff have always displayed a high degree of integrity, responsibility, and ambition. They have been so very helpful in any of the technical issues we have experienced. They continue to keep us up to date on any software changes as well as making sure that we understand and are able to navigate through the changes.

ASI Group would be an asset to any office or organization requiring technical support. I appreciate the hours of work and attention they have paid to our office and have been very happy with the job they continue to do.

Sincerely,

Angela S. Fennell, D.M.D., P.C.
