October 27, 2006

To Whom It May Concern:

My name is Paul Freeman, and I have been a practicing dentist in Cullman, Alabama for twenty-six years. Recently, I had new computers installed in my office and treatment rooms, for a practice management and digital radiography upgrade. I have never seen anyone as professional and sincere as C.J. Ezell and his staff. I highly recommend C.J. and Arrival Systems to any dental office wanting to install new hardware.

I was surprised when a competitor, who was in my office, commented on what an outstanding job they had done on the installation. In fact, the competitor was so impressed, he asked for their phone number. Everyone involved in the installation: C.J., Brian, Mike, Layton, and Ricky did an excellent job.

Please feel free to contact me if you have any questions about the quality of work you can expect to receive.

Sincerely

Paul D. Freeman D.M.D.
